

hansgrohe

Ideas for water.

Showers and mixers for the bathroom and kitchen.

2016

**We work hard to exceed
your expectations in
everything we do.**

Quality – made by Hansgrohe.

Pure. Clear. Sensuous.

The Avantgarde style embodies purist design and pure culture. A sensuous minimalism that emphasises clarity of form and exclusivity of materials, delivering a harmonious, balanced feeling of space.

The PuraVida line has won numerous international awards and is a particularly aesthetic embodiment of the Avantgarde philosophy. The DualFinish process allows the surfaces of the basin mixer to blend seamlessly and makes bright chrome and pure white shine.

PuraVida

The Courage to Create a New Form: Avantgrade.

A modern, minimalist bathroom scene. In the center is a white bathtub with a distinctive wavy, sculptural base. To the left of the tub is a tall, white shower mixer tap with a handheld shower head. To the right, a white shower head is mounted on a thin metal pole. The background features a large window with sheer white curtains, and a small potted plant is visible on the left. The overall aesthetic is clean, bright, and contemporary.

Award-winning design in white and chrome.

The bathroom is not about tomorrow's trends, but about your own trend. So, if you prefer individuality, you will love the mixers from our Avantgarde style world.

Axor Citterio

Luxury at a second glance

With its precisely formed surfaces and edges in which light refracts and reflects and a whole host of rich details that reveal themselves on second glance, Axor Citterio allows us to make the most of the time we spend in the bathroom. A classically elegant collection that celebrates above all the part played by water in our everyday lives.

Axor Overhead Showers

The sheer variety of the Axor overhead showers can be seen in their design, size, function and application. Whether round or square, massage spray or refreshing flood spray, soft or normal, wide or concentrated. the suitable overhead showers can be mounted on the wall or ceiling and are available with various spray modes. Axor LampShower designed by Nendo is a prime example: it does away with the usual borders between spaces as if by magic and lends a homely character into the bathroom.

#26031000

Axor ShowerProducts designed by Front:

Industrial charm for the shower. In an exceptionally elegant form. We can see water routes in a whole new light, while a funnel becomes a well-proportioned overhead shower.

Shower sets and hand showers

Shower sets and hand showers make showering an even more comfortable experience. They are available in a variety of sizes and spray modes, which users can change easily by turning or tapping them. Not only that, with the right shower rail, the hand shower can be adjusted to the ideal height.

A wide range of designers have left their mark, ensuring a unique look. For instance, the shower set designed by Front sets effortless accents in the shower. The pipes, sockets and valves are now used as design objects, bringing a touch of industrial charm to the bathroom.
